

Common sense tractors with head turning looks.

Tractors to match your needs

The TDD tractors offer a choice of specifications to meet the diverse needs of customers.

These new tractors are available in with-cab or less-cab versions (less-cab not available in UK or Eire) and can be specified with either 2 or 4 wheel drive.

The modern styling of the New Holland Series TDD not only looks good, it is practical and enhances visibility and overall comfort.

Efficient, rugged and powerful

The four cylinder engines are specially designed for agriculture and have exactly the right performance characteristics for high traction operations. Based upon proven New Holland modules, TDD tractors are offered with a choice of transmissions to suit a wide range of applications.

● Standard ○ Optional - Not Available

High comfort operator environment

All controls are placed within easy reach. The cab offers excellent all-round visibility and class leading levels of comfort. A suspended flat floor platform, isolated from vibrations, is standard on less-cab models (not available in UK or Eire).
